

Request for Hanging Sign Approval

Form due by: May 13, 2008

Hanging sign structural diagram due by: **May 23, 2008**

Exhibit Dates: June 28 – July 1, 2008 • Anaheim Convention Center • Anaheim, CA

MANDATORY!!!

A Hanging Sign is defined as an exhibit component suspended from the ceiling above or displayed on an exhibit cross-aisle header for the purpose of displaying graphics or identification.

Peninsula, Island and Cross-Aisle Booth Configurations are the only booths that are permitted to display a hanging sign. Hanging identification signs and graphics will be permitted to a maximum height of corresponding booth configuration regulations, provided written approval is received from exposition management.

Show Management is requiring that all companies wanting to have a Hanging Sign **MUST** submit a structural drawing, regardless of whether the hanging sign has been used in past shows. All drawings **MUST** note booth size and structure height. Show Management will review all drawings, and a copy of the drawings will be kept on file.

Please note, this form does NOT cover structural approval. This form is only to request approval to have a hanging sign from show management to meet ALA rules. All exhibitors who obtain approval to have a hanging sign from show management **MUST** check with the convention center and general contractor to adhere to all structural integrity guidelines and obtain approvals. Please contact the Anaheim Convention Center at 800-368-9000 and GES Exposition Services at servicenter@gesexpo.com for details on structural hanging sign approval.

If you plan on having a hanging sign, please fax this form to 630-434-1216 by May 13, 2008. Structural drawings are due to Show Management by May 23, 2008.
